

Leadership Circle Group Coaching

with Theresa Callahan

MONTHLY GROUP COACHING PROGRAM

Are you someone who likes being a part of a “Master Mind” Group? Do you like the energy that shows up in a circle of smart, curious, driven and collaborative business owners? Are you always stretching yourself to learn new things, network with like-minded professionals, and enjoy doing all of this from the comfort of your home or office?

If so, then the **Leadership Circle Group** was made just for you!

Or maybe you just aren't ready to make the big “leap” into private Executive Coaching, and want to gradually ease into coaching, without so much accountability or a big time commitment? Then the Leadership Circle Group will fit you well.

I have facilitated study groups and provided group coaching for years, and I have learned that if two great minds can break through barriers and create new strategies for success, then a dozen or two dozen minds can take on the world! It's so much fun learning in a guided group setting!

2018 – 2019 PRICING & PAYMENTS: **\$297** USD PER MONTH
Monthly fee is due on the 1ST of each month (Jan – Dec)

HERE'S HOW IT WORKS:

- Enroll today by **completing the registration form below** to make your first month's payment (\$297 USD) and become a member!
- Once you are enrolled, you will gain access to our private online hub that houses all of the tools, handouts and resources available to our group. - Every Session will be recorded and you will have access to view all of the recordings if you can't be there "live" (although you **WON'T** want to miss these amazing virtual training classes)!
